

SCREEN PROJECT OVERVIEW - ASSAM

(Strengthen Capacity to Reach Everyone for Effective Screening to Prevent NCDs)

Collaboration to Intensify Actions on Non-communicable diseases (NCDs)

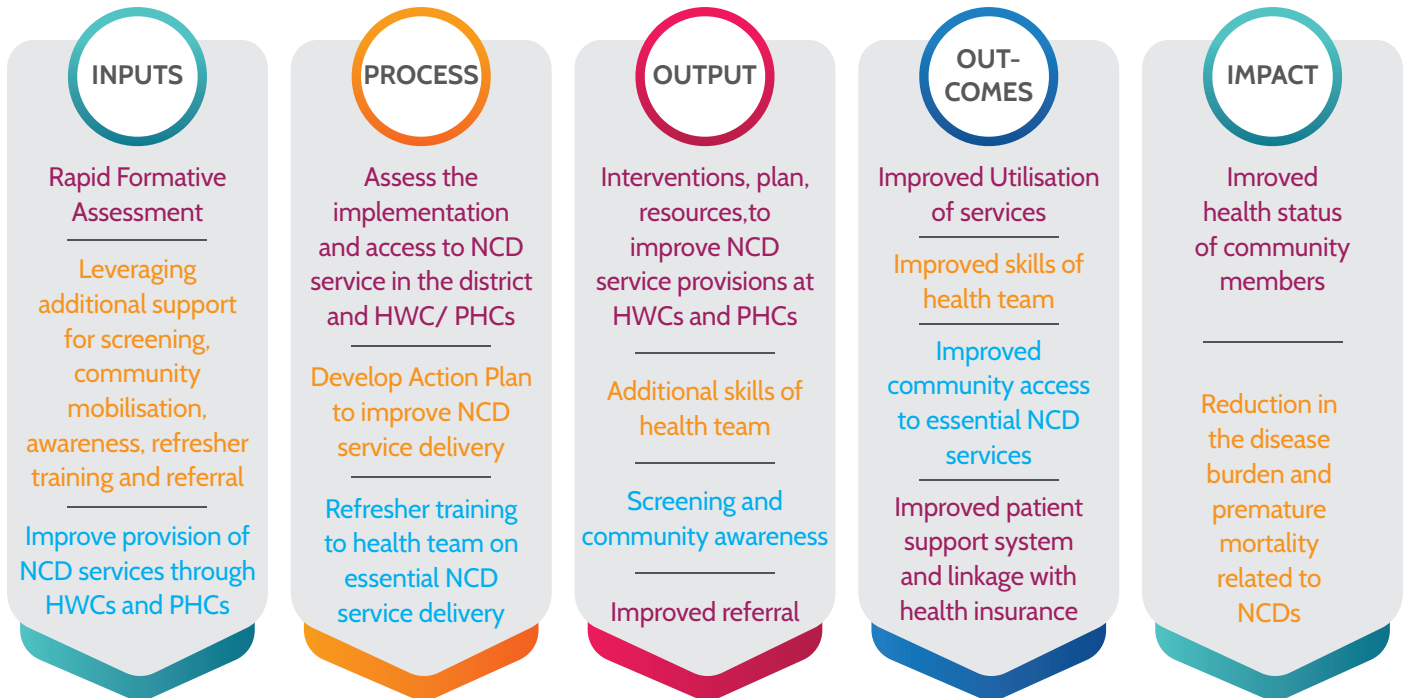

Program Goal

The goal of the program is to meet the primary health care needs of the underprivileged population in the PHC area.

Objectives

1. Increased public awareness on NCDs through health education and promotion on critical health issues in the community and among the target audience.
2. Implementation of NCD population- based screening.
3. Establish linkages between State Health Insurance schemes for improving treatment adherence.
4. Refresher training or orientation of health team based on the need assessment.

PROJECT DESIGN

About PPHF:

PPHF is a non - profit organisation that works towards transforming lives for improved health and wellbeing through locally - driven solutions.

PPHF works closely with communities and key actors on sustainable solutions for public health challenges. These include : Women, Adolescent and Child health | Non- Communicable Diseases | Nutrition | Infectious diseases- T.B, Malaria, COVID-19 | Environmental Health

We focus on building public health capacity and community actions for better health outcomes. We work collaboratively with stakeholders, leveraging partnerships and influencing policies and practices.
